Work study Application for 2021-22

Please note: this is pending dependent upon COVID planning.

A portion of our tuition assistance is dedicated to our summer work study program. Work study is available during the summer months for interested students. Each student will be able to earn a work study grant toward part of his or her tuition bill by working approximately 4 days per week (Monday-Thursday), 5 hours per day, from 7:00 a.m. to noon (with a morning break). The financial award is applied directly to tuition, without deductions. **The program is open to a limited number of students, based upon financial need and will be prioritized based on applications and FACTS reports.**

The tentative summer work schedule is a four-week session with two make up weeks. The session begins Monday, June 7 through Thursday, July 1, 2021; make up weeks are July 12-15 and July 19-22, 2021. Students may be awarded up to \$1,000 towards their tuition.

Guidelines for admittance to the summer work program include:

1. Complete this application and return to the school by March 15, 2021.
2. Complete on-line FACTS Financial Needs Assessment
3. The student must fulfill the time requirements and performance standards to remain in the program
4. The student must show diligence in work, willingness to concentrate on the task assigned, and acceptance of a variety of jobs
5. The student must be able to work without constant supervision
